

LOST SOMETHING ?

Have you lost a ring, bracelet, watch, necklace or other metal object outdoors and would like someone with a metal detector to help you search for it for **FREE** ???

We are a group of Volunteer metal detectorists who have joined together to do just that.

Before you contact a detecting service that charges you a fee to help you look for your lost item, contact us !!!

We don't charge for our services, nor do we expect a reward when we're successful. Our only goal is to help people in need, because we all believe it's just the right thing to do.

If you've lost something and would like one of our Volunteers to help you search for your lost item, just go to our website and send us a Lost Item Report.

The Lost My Stuff Group

We help find lost stuff for FREE !!!
